School Scenarios

Scenario 1- Issuing day- 100 plus cards

Scenario 2- Issuing co-brand 500 cards over 2 years difference
(sometimes the school will make the payment over 2 years- minimum 500 cards for co-brand, can be done over 2 years)

Scenario 3 - Full school co-brand

Benefits of ISIC Co-Brand

- Increase revenue for ISSU.
- Flexibility on design process - School crest, motto, colours.
- To ensure that the school and student stand out from the crowd.
- More than a regular student card, it's an ID that states the student name and DOB.
- Official school card.
- Very little admin for school.
- Value for money - Not only plastic, also a virtual ID. Students have full access to the ISIC app which works offline and follows security and privacy regulations.
- Ideal for sitting exams, school trips and using public transport with ease.
- Provide students with an improved school experience and sense of belonging.

1 - What is an ISIC issuing day?

Issuing days are an integral part of what we do.

It is the day that the ISIC team will come to your school and issue the student cards on site.

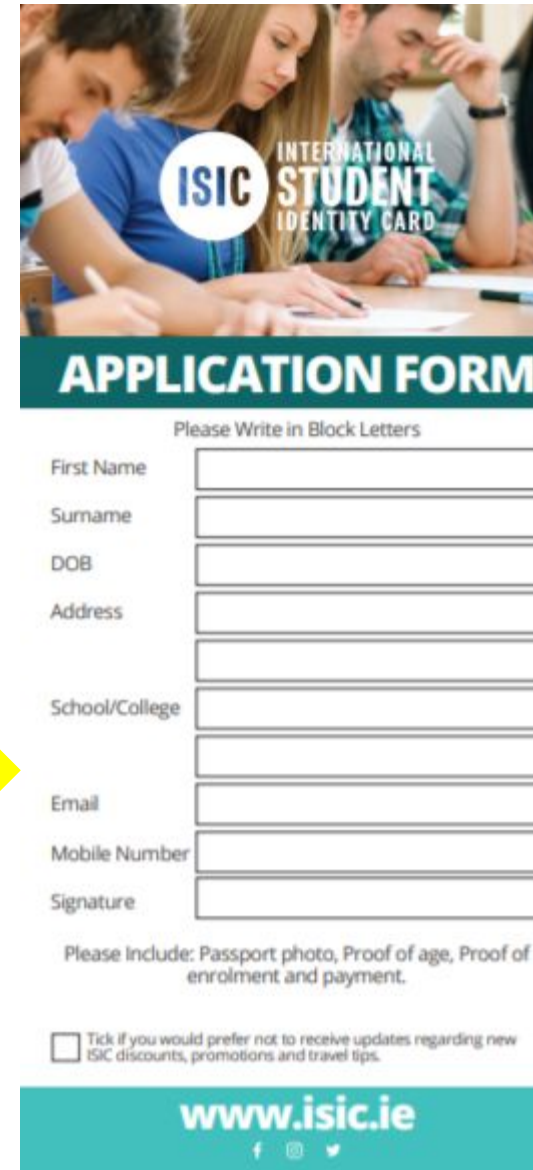

The ISIC team will arrive in your school, introduce himself/herself and wait for the instructions on where you will set up our equipments.

We might need few minutes to set up and get ready.

The application forms

It is expected that the application forms are filled with legible block letters.

When carrying out an issuing day on site, ISIC do not require school stamps to approve of student status, saving you time

1.1 - Student's photos

We will take the student's photos (the photos will be saved and identified with student names).

- The photos should be taken with a plain background preferably white, such as a wall or white board.
- The photos will remain in our files up to one month after cards are processed.

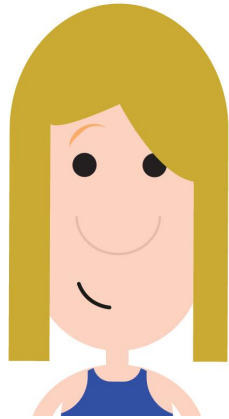

Example:

NameSurname

1.2 - Student's photos requirements

The ISIC student card is an identity document, so the student photo should be suitable. Similar to a passport but we like a smile!

4- Sending the student cards

The student cards will be sent to the school via registered post.
Cards will be sent to school in an organised manner. (ie. by class, year)
Estimated delivery time: 7 to 14 working days.
The tracking code number for the parcel will be sent to the school contact via email.
We ask that the teacher's will look over the cards before hanle it out.
