Apprenticeships in Pfizer – the Perfect Start to a Great Career!

Apprentice Mechanical/ Electrical/Instrumentation Technician based in Newbridge, Co. Kildare.

Situated in Co. Kildare, Pfizer Newbridge is an integral part of the global solid oral dose network; manufacturing tablets and capsules for world markets using highly complex processes.

We have a Technology and Innovation Centre using a range of technologies such as Process Analytical Technologies and Advanced Process Control to transfer, develop and manufacture products.

We continuously improve and enhance our facility through the execution of complex engineering projects introducing next generation manufacturing processes providing full life cycle management.

We pride ourselves in our culture of high performance team work and innovation which enables the business to deliver on its commitments.

- If you are interested in contributing to an industry which improves the lives of patients why not consider joining the Apprentice Mechanical Automation and Maintenance Fitting programme and the Electrical Instrumentation programme in Newbridge.

We are committed to making your apprenticeship a success.

Apprenticeship consists of:

- A SOLAS standards-based apprenticeship, consisting of 4.5-year duration for the Electrical Instrumentation and 4-year duration for the Mechanical Automation and Maintenance Fitting.
- There are 7 SOLAS Phases and Pfizer Off Job Training where you will learn a variety of electrical and practical skills
- Phases 1, 3, 5 and 7 are on-the-job, gaining experience while working closely with qualified Technicians and Engineers on site.
- Phases 2, 4 and 6 are off-the-job training modules. These phases take place in a Training Centre and Educational IT Colleges around Ireland.
- You will achieve a QQI Advanced Level 6 Electrical Trade Certificate

The candidate:

- Can work safely, responsibly and independently.
- Want to become part of a highly skilled team, working closely with technicians and engineers, expanding your skillset.
- Are passionate about collaborating with others to find innovative solutions to challenges.

Selection Criteria:

- Leaving Cert Pass to include Math's, English and any Technical/Science subject. (2019 Leaving Cert students may apply but an offer is subject to successfully passing these subjects).
- Can demonstrate a keen interest in the discipline apprenticeship you are applying for, in the job application and during the selection process.
- The successful candidates will commence employment in September 2019.

All CV's must be submitted online at www.pfizercareers.com, (**Applications will not be accepted via email**).

Working together for a healthier world®

The position will open for applications on Monday 1st April and will close on Friday 10th May 2019. Shortlisted candidates must be available to attend an Assessment Centre in July 2019.
